Wikipedia: I've started ten articles and made over 4000 edits: https://en.wikipedia.org/wiki/User:Richard_Nowell

Music:

I play the piano and the guitar. I have played professionally and can use and program a large range of synthesisers. I am at home in a recording studio environment and have recorded, produced and released the contents of 6 cds, several singles and 12".

Conservation: California Condor.

Perhaps as a result of the month I spent in California in the nineties, I have become involved in the project to save the condors from extinction. Please visit my friends online at a new release site in Northern California.

Summary:

During 4 decades of employment and education I have had hundreds of different jobs for woodwork customers, taught English and made lots of music. I'm hardworking with a good knowledge of what customers and employers need. Soft skills include honesty, teamwork, initiative, problem-solving and communication.
